Aleya Annaton	Topic	Time
	Crossing The Event Horizon	1:30pm

Crossing The Event Horizon.

The Ground Breaking Unified Field Theory of Nassim Hamein, Presented by GF Emissary; Aleya Annaton, Author of Technology of The Gods.

And it's not just for physics enthusiasts — The lecture presents this astonishing Theory in layperson's terms that will lead you to a new paradigm of the nature of reality. Regardless of your scientific background, this is riveting presentation made available to the public for the first time, Learn how this new all-encompassing theory has parallels with ancient codes left in the world's oldest documents and monuments. These include the Bible, the Koran, the Torah, the I Ching, the Mayan Tzolkn, and the ancient pyramids and temples around the world.

The journey continues through the history of humanity's evolution, pointing out the inconsistencies in our concepts of physics that have prevented us from understanding this view of creation and the universe. Ever since physicists encountered the contradictions of Einstein's Field Equations and Quantum Mechanics, science has sought one elegant Unified Field theory that would explain everything. Hamein, with the help of his coauthor Dr. Elizabeth A. Rauscher, has produced just such a unified theory.

The holy grail of physics! Hamein's work has far-reaching implications for all fields of scientific inquiry from theoretical physics, cosmology, quantum mechanics, biology, geology and chemistry, archaeology and anthropology as well as answers to spiritual questions and the nature of religion. An exciting picture develops: one that may prove to be the most important scientific, philosophic and technologic discovery of our time.

Zareth Shahara, The Alchemist	Topic	Time
	The STRAWMAN, Ancient Mysteries, Spirituality, Philosophy, Alchemy	6:30pm

Zareth Shahara - Alchemist: Zareth will discuss the fraudulent STRAWMAN scam and reveal how it is that every human being on the Planet serves the elite agenda in what is known - legally, but unlawfully - as 'voluntary slavery' & reveals the mechanics of the 'redemption process' & what HJR 192 means to America and the UCC-1 filing process means to humanity. THIS knowledge is self-empowering but also exposes one of the main reasons that the ruling elite and the Illuminati are in a state of panic at this time.

Humanity is truly 'waking up' and so he also exposes many other aspects of the ruling elite and their agenda to establish a single Global government and how it is most likely that they will try to implement population reduction in the future - because in their own words, 90% less people would be ideal to suit their needs and self-serving desires. He also reveals information regarding the 'created financial crisis' and the use of HAARP (originally called, Project Lights Out) and all of the man-made tornadoes, Earthquakes, tidal waves and weather phenomena of 'Biblical proportions' to make the theologically-inclined and 'faithful' think it is the age of 'Revelation.'

He also discusses the planned power grid 'failures' in conjunction with a Global (faux) UFO Show as a cover to create social chaos in an effort to justify rounding up citizens and taking them to remote camps. Also the PSY-OPS designed to create a 'stand-down' that the agents of the NWO have planned to distract the people with word of imminent arrests - that more than likely are not going to happen. If time permits - 9/11 'satanic ritual' revelations and the actual identities of the so-called 'angels and demons' - and the difference between 'aliens' and 'extra' terrestrials. He has been 'under' the mysterious Denver International Airport and has come to understand that the D.U.M.B.s are a cover for genetic experimentation and the 'alien' aspect is just a cover story for the elite's efforts to design a more perfect slave race out of the rest of humanity. He reveals prophecies that the elite never wanted us to see and gives the audience the one avenue by which we can defeat this nefarious cabal, so that our children can inherit a World worth living in, and end this diabolical Global malaise once and for all - just as the more accurate (and suppressed) prophecies predict will occur on the Earth plane come 2012 and beyond.

The realm in which we experience this thing called 'life on Earth' is 99.999999% empty space - to be exact as our current science allows us to understand - and we 'define' the Nature of the ineffable Infinite based upon the .000001% of what is called matter, which really doesn't matter. Our individual and collective perspectives - or belief systems - are indoctrinated into us at a very early age. Therefore, we are missing the 'bigger picture' when we solely focus on this substance known to us as matter.

It is only matter upon two things, observation and definition. And if what we 'think' we see, is what we were told to believe we saw, by the authorities, who author our reality (the ruling Elite), then we only focus upon and believe what we were told to believe, which causes us to overlook even the most blatantly obvious. Alchemy and the wisdom and abilities it bestows upon a subjective aspect of consciousness - a human being, or even an apparently inanimate object - has been known about for a very long time, and there are those who do not want humanity to know about it, and they get us to focus upon other stories related to it all.

Dr. Louis Turi	Topic	Time
	You have the Power to Create your own Blessings	8:00pm

Like the great prophet, Nostradamus, Dr. Turi was born and raised in Provence, France. He was influenced by Nostradamus' methods of Divine Astrology and spent many years reviving the Seer's rare method. He grew up speaking the same now disappearing dialect. In 1976 he received the highest distinction Musicianship Award Cup and graduated from the Royal School of Music in London. He moved to the US in 1984 and has since established himself as a successful astrologer, author, and lecturer.

You have the power to create your own blessings...find out with Dr. Turi

The event will be held here at The Historic BAL Theatre in San Leandro CA and I could not hope for a better place to speak, teach and help the attendance to reach and use the Supra-conscious forces locked in time and space. This video on U tube is a prelude of what type of incredible psychical power you were born with and how to use it!

Neptune is the least know planet in Astrology because its impact while obvious to my students and I, is also very subtle and in some cases becomes both illusive and so deceptive. Dealing with Neptune is like giving free room to your imagination, your dreams and faith can make anything inconceivable a real possibility. i.e. "Jesus' return or walking on water."

But without Neptune there would be no room for imagination, creativity and the art available to the human experiences.

Thus while seating very comfortably in those big comfortable movie theater chairs, total relaxation is assured and the atmosphere will be perfect for me to talk about UFO, the future of humanity, what to expect next December 2012 and perform my psychical magic on all of you.

Indeed Neptune rules imagination, dreams and the inner creative forces of the subconscious and

when applied properly magic does happen. First hypnotherapy is very safe and no one will be totally "hypnotized" against his or her will. In fact; helped by the soft music flowing in the darkened background and my well designed suggestions you will be put in a semi-trance and semi-conscious at all time.

Only those willing to "let go" willingly and completely will reach "nirvana" and experience a full trance allowing them to take a very interesting trip into subconsciousness.

The idea is to put the attendance in a very relaxed state of mind then when time is appropriate, I will take over your psyche and carve your subconscious with a set of extraordinary positive suggestions leading you to reach emotional, financial and spiritual stability.

Thus if you suffer any ailments, they will be gone, if you feel depressed, you will fly on top of the world and if you feel unfulfilled the chances to reach all your dreams will become a real possibility. Indeed a session that will change your entire conception of life by unleashing an incredible, endless source of power you were born with but unaware of... Do not miss this event because I can assure you, you will be totally amazed by all the future results.

In 1993 he received a metaphysical Doctorate from the Progressive Universal Life Church based in Sacramento, California. His notoriety skyrocketed after rekindling, practicing and teaching Nostradamus' rare Divine Astrology method, which he calls Astropsychology. He has also appeared on numerous radio and television programs worldwide. Dr. Turi is known for the hundreds of accurate predictions he makes. He writes a yearly periodical with all these predictions, called "Moon Power Starguide." The printing process makes the proof of his predictions totally unarguable.
